MISSING TIME – CLOCK-IN-CLOCK OUT PROCEDURES

Community Healthcare, Inc. is reimbursed for services rendered by Medicaid, which is a federally funded program paid through the State of Maryland's Department of Health and Mental Hygiene (DHMH). DHMH implemented ISAS to monitor the home health provider's time while in the home with the Medicaid participant. DHMH will not pay the provider's time if not properly documented.

Effective June 1, 2016 the unexcused missing time component was reduced to 4 unexcused times per month. The Help Desk team of DHMH is reviewing missing times very closely. Repeated unexcused missing time will not be authorized by DHMH for reimbursement.

If you miss clocking in or out of your assigned shift, follow this procedure to request payment for hours worked:

- Call the office (301-341-2273) or Email: communityhealthcaremd@verizon.net.
- Provide the clients name, your name, date and time you missed including the reason you were unable to successfully clock in or out.
- Maintain your record of documentation. **You are only allowed 4 missing times per month.**
- Deadline to submit all missing time in the month it occurred is the end of that month. (Example: Missing time for May cannot be submitted in July.)
- You may call the office on the 10th of each month to determine if the hours were approved for the previous month. When calling for verification, please have your information (Client, Dates, and Missing Hours) available. Should you provide services to more than one client, **please be reminded that you may not be clocked in for both at the same time. This is considered double billing and a violation of COMAR regulations.** Should you clock in for 2 clients at the same time, you will not be paid for both shifts. This is considered fraud and a written warning will be placed in your personnel file. This will not be tolerated by the agency.
