Missing Time Acknowledgement

Dear Employee

Effective June 1, 2016 reduced the six (6) unexcused missing times to four (4) unexcused missing times per month. DHMH help desk team is reviewing missing times very closely. Repeatedly unexcused missing time will not be authorized by DHMH. The agency is reimbursed by Medicaid which is paid through DHMH. Medicaid is a federal funded program. DHMH implemented ISAS to monitor home health provider's time while in the home with the Medicaid participant. DHMH WILL NOT PAY THE PROVIDER'S TIME IF NOT PROPERLY DOCUMENTED. If you miss punching in your shift, these are the steps you need to follow to request payment for hours worked.

1. Call the office (301) 341-2273 or Email: communityhealthcaremd@verizon.net
2. Have the following information: Client's name, your name, date and time you missed punch with the reason why you were unable to successfully clock in or out.
3. Keep your own records of documentation.
4. YOU ARE ALLOWED FOUR (4) MISSING TIMES PER MONTH.
5. The deadling to submit all missing time in the month is the end of the month.
Example: You cannot submit time for May in July. The agency's deadline for missing time is the 2nd of the following month. That is, time in July must be reported by July 30th so it can be submitted missing time by the 2nd.
6. You may call on the 10th of every month to see if the hours were approved for the previous month. OFFICE STAFF WILL NOT CALL YOU. YOU MJUST HAVE YOUR DATES, CLIENT'S NAME AND AMOUNT OF HOURS THAT ARE OWED. IT IS IMPOSSIBLE FOR THE OFFICE STAFF TO KEEP UP WITH YOUR MISSING TIME. THIS IS YOUR RESPONSIBILITY.

7. Please call about your missing time within the 30 days. Example: If it is July and an employee calls about missing time for March, this will take longer to be paid. Office staff has to reach payroll for consultation. Please make sure you follow up about your unpaid days in a timely manner.

We do not like for our employees to have payroll issues. We want you to be paid for all the hours worked according to client schedule. Therefore, it is important to follow the regulations and policies in order to be paid.

Providers who have more than one client may not clock in for two (2) clients at the same time. This is considered double billing. This is violating COMAR regulations. If you are clocked in for two (2) clients at the same time you will not be paid for both shifts. In addition to not being paid you will be written up. This is considered fraud. This will not be tolerated by the agency.

I fully understand the policies and procedures of requesting pay for missing time.

Get started with your new retirement plan

You can save for your future with MarylandSaves, a simple retirement savings option sponsored by the Maryland Small Business Retirement Savings Program. You'll have your own Roth retirement account, where you're in control of how much you save.

What is a Roth IRA?

A Roth IRA is a type of retirement account that you fund with your after-tax wages, a percentage of which are deposited into your Roth IRA. Your Roth IRA earns money based on your investment choices, and those earnings are automatically added to your contributions. When you retire and start taking money out of your Roth IRA, there are no taxes on withdrawals.

Why should I contribute to a Roth IRA?

Automate Your Savings

Your contributions will be automatically deducted from your paycheck. You'll start at a 5% contribution of total pay – you can increase or decrease this rate at any time. You can also sign up as an individual and set up recurring contributions.

Choose your contribution – and watch your money grow over time.

Compound Your Savings

Over time, the money you contribute to your retirement plan earns more money. The extra money you earn just from saving is called compound earnings.

If you're 25 now and save \$150 a month, by the time you retire you could have over \$300,000.¹

Take Advantage of Tax Benefits

With Roth contributions, which are deducted after taxes, you can make tax-free withdrawals during retirement.

There are two ways to participate:

1 Save through your employer

If your employer participates in MarylandSaves, you'll be enrolled automatically and you'll have 30 days to decide to stay enrolled or opt out. If you stay, you'll start saving a percentage of your paycheck automatically in your own Roth IRA.

2 Save on your own

If you're self-employed or don't work for an employer registered with MarylandSaves, you can contribute directly to your own Roth IRA account. It's easy and takes only a few minutes to get started.

You control your MarylandSaves account.

- Choose how you'd like to save with a variety of investment options, including target date funds aligned to your retirement goals.
- It's your money — your account and funds go with you as your career changes
- Only a small administrative fee is charged annually to cover program costs.

2 Easy Steps to Save with MarylandSaves

1 Set up your account

If you were added by your employer, use your access code to get started. If you're enrolling yourself, you'll just need your Social Security number, date of birth, and residential address.

Once enrolled, answer a few quick security questions so we can verify your identity and set up your password and 2-step verification.

2 Customize your account

You can choose to change your savings rate and investment choices to meet your unique goals, as well as designate beneficiaries.

MarylandSaves' investment options are selected by the MSBRSP. For more information on MarylandSaves' investment options, go to MarylandSaves.com.
